MEMORANDUM OF CONVERSATION

SUBJECT: CIA Regulations

25X1

I promised [ ] today that I would do the following things:

1. Prepare a statement of principles which could be incorporated in the Regulation on Evaluation and thereupon be responsible for helping develop any necessary Agency-wide procedures on the subject.
2. I agreed to reexamine the Regulation on Conferences Abroad since I had a question that this wasn't a sound regulation.
3. Develop procedures for the Agency under the Regulation on Liaison.
4. Eventually develop the Regulation on Requirements, if necessary more extensive than the policy statement which I had prepared for the Director and which was approved. I also agreed to eventually develop a procedural regulation on this if necessary.
5. I also agreed to advise and criticize procedural regulations developed on other subjects if that seemed useful.
6. I agreed to discuss with my Requirements group, a regulation on ad hoc or general requirements which could be applied on a procedural regulation.
